
Sci•Find•er \sī-fīn-der\ *n* 1: web access to the most comprehensive scientific information available 2: if you don't have an account, maybe you should get one!

SciFinder[®] is a research discovery tool which allows web access to research contained in the databases produced by Chemical Abstracts Service (CAS) as well as in MEDLINE^{®}. These databases contain literature from many scientific disciplines including biomedical sciences, chemistry, engineering, materials science, agricultural science, and more!*
